

On receipt of such a recommendation from the Local Government, the question of withdrawing the pension will be the province of paragraph 104, Pensions Regulations, will be considered by the District Commander who has been authorized:-

(a) to order the forfeiture of pension in all such cases and

(b) to return the pension from such date as is considered suitable in cases where the Local Government and the District Commander are satisfied, on a statement of future good behavior having been given, that this ought to be done.

The Government of India considers that these instructions are intended to be acted upon, and that it is particularly desirable in pension recommendations that adequate care should be made of them. It will be observed that under these instructions action has to be initiated by the civil authorities; and the civil authorities may feel free to exercise in taking action if they realize that it is not the intention that a pension withdrawn under these orders should in all cases be permanently forfeited.

4 Cases in which the holding to forfeit pension arises out of the pensioner having been convicted of some offence involving disaffection or disloyalty towards Government—and a thousand the military pensioners will automatically forfeit his pension from the date of his arrest, and the forfeiture of pension will continue during the period of imprisonment and thereafter unless and until orders specifically directing the restoration of the pension are obtained. It will run with the pensioner, if he desires to have his pension restored, to make an application to the civil authorities, and if the Local Government as a consideration of all the circumstances of the case, consider that it may be justified and make a recommendation to that effect, the District Commander, on receipt of the recommendation and a written assurance from the pensioner of future loyalty and good behavior, may in his discretion direct the restoration of the pension from such date as he may determine, but in no case less than a date prior to the pensioner's release from prison.

5 The orders contained in the two preceding paragraphs will apply to every form of military pension, except family pension, drawn by families and minor children and will extend also to assignments of land revenue and cash prizes granted as rewards for military services.

6 Cases in which the reward is to be forfeited is a grant of land, held subject to a condition of loyalty.—The reward will be forfeit subject to the condition of loyal behavior and active support of Government in any time of trouble or disorder. The terms of the grant will be so drawn as to ensure that the Local Government will, in all cases, be the final authority to decide whether the condition has been violated and that a breach of the condition will involve forfeiture either temporary or permanent of the grant on such portion thereof as the Local Government may determine. The forfeiture, provision and procedure laid down in paragraphs 3 and 4 of this Government Order will, with one important exception, apply generally to these cases also. The exception to be made arises out of the fact that it is hardly practicable to prescribe absolutely that a grant of land shall be automatically forfeited upon arrest or conviction. In cases where a grant of land is affected, therefore, and the grant, under the terms on which it is held, is liable to forfeiture, the following shall be the procedure:-

(a) Action will be initiated by the civil authorities

(b) In cases where this is appropriate, the grantee will, before penal action is taken, be given a severe warning and an opportunity to meet his case. But the Local Government acting in consultation with the District Commander will be at liberty to remove the grant without warning in such cases as they think merit the extreme penalty.

(c) The concurrence of the District Commander will be obtained in all cases before the grant is withdrawn.

(d) As in the case of pensions, and on the same terms and conditions it will be open to the Local Government in consultation with the District Commander, to restore the grant in cases where it has been forfeited temporarily.

7. It would be undesirable from every point of view and particularly in the regard of loyal serving soldiers and loyal military pensioners that individuals who hold gifts of land, on the condition of loyal behavior and active support of Government, should continue to enjoy these gifts when they have obviously ceased to honor the condition the letter or in the spirit. Full use will therefore be made of the powers detailed above in regard to directing of the forfeiture of pension or suspension of grants. Heads of departments and District Magistrates should promptly report to Government all cases in which any pension is liable to forfeiture or any grant to suspension under the orders set out above.

8 The instructions conveyed in G.O. No. 847, Pensions, dated the 4th December 1923, as amended from time to time are hereby cancelled.
